## Inductive full-metal sensor

IGK3007BFRKG/AM/IO/US-104

### Product characteristics

|                         |  |
|-------------------------|--|
| Electrical design       | PNP/NPN; (configurable)                |
| Output function         | normally open / closed; (configurable) |
| Communication interface | IO-Link                                |
| Housing                 | Threaded type                          |
| Dimensions [mm]         | M18 x 1 / L = 60                       |

### Application

|                         |   |
|-------------------------|---|
| System                  | Full-metal housing  |
| Application             | constant cleaning with aggressive cleaning agents; regular cleaning processes |
| Pressure rating [bar]   | 100   |
| Note on pressure rating | sensing face  |

### Electrical data

|                             |            |
|-----------------------------|------------|
| Operating voltage [V]       | 10...30 DC |
| Current consumption [mA]    | < 15       |
| Protection class            | III        |
| Reverse polarity protection | yes        |

### Outputs

|  |  |
|--|--|
| Electrical design                                    | PNP/NPN; (configurable)                |
| Output function                                      | normally open / closed; (configurable) |
| Max. voltage drop switching output DC [V]            | 2.5                                    |
| Permanent current rating of switching output DC [mA] | 100                                    |
| Switching frequency DC [Hz]                          | 100                                    |
| Short-circuit protection                             | yes                                    |
| Overload protection                                  | yes                                    |

### Monitoring range

|                              |                             |
|------------------------------|-----------------------------|
| Switch point IO-Link [mm]    | 1.41...7.01; (configurable) |
| Measuring range IO-Link [mm] | 0.75...7.5                  |

### Accuracy / deviations

|                      |  |
|----------------------|--|
| Correction factor    | steel: 1 / stainless steel: 0.8 / brass: 0.5 / aluminum: 0.4 / copper: 0.2 |
| Hysteresis [% of Sr] | 3...15   |
